Career and Technical Education: Classroom learning, paid work experience, college credit - you get it all with CTE

The world is complex and dynamic.
The way we educate reflects that.

Career and Technical Education (CTE) re-imagines the learning experience, and we want you to re-imagine with us. Picture learning spaces that look just like the real world. Teachers who come from business and industry. A forward-thinking curriculum design that fully prepares students for any path — college, the workforce and even jobs that don't yet exist. CTE's innovative learning programs and hands-on job placements fast-track students' careers and send our graduates out into the world prepared to make an impact. As skilled industry professionals and problem-solvers, they know what the real-world is like because they've already engaged in it. They're well educated, they're empowered and they're ready to be exactly what our workplaces and communities need.

We're preparing students for college,
the workforce and the world.

Non-Discrimination Clause: Career & Technical Education (CTE) in Guilford County Public Schools offers a comprehensive Career and Technical Education program for students in middle and high schools. Guilford County Public Schools does not discriminate based on race, color, sex, national origin, age, disability or age in its programs and activities and provides equal access to the Boy Scouts of America for all eligible youth groups. The following information has been designed to provide a more accessible learning experience for students with disabilities and impairments. This should be directed to the Guilford County Special Services Office, 126 Franklin Boulevard, Greensboro, NC 27405-356, 370-2323. This notice is provided as required by the Title VII of the Civil Rights Act of 1964, Sections 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990.
