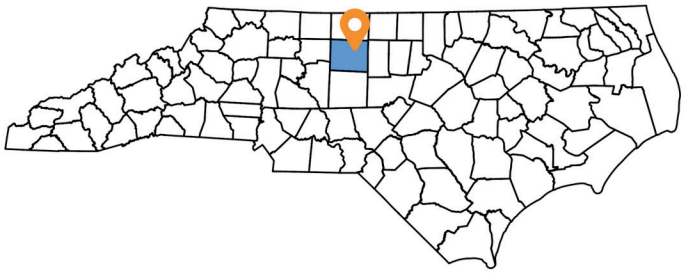
Communities In Schools® High Point

CIS of High Point

Communities In Schools works in schools to surround students with a community of support. When students are present in school regularly, they are more likely to be engaged in classroom learning, graduate on time, and enroll in post-secondary education or training leading to successful careers.



9
sites served

Our Students:

3,646
reached with CIS supports and resources

99%
of K-11 students were promoted to the next grade

100%
of seniors graduated
